INTRODUCTION TO THE PUBLIC ACCOUNTS OF MANITOBA

The Public Accounts of the Province of Manitoba are prepared by statutory requirement, in accordance with the Financial Administration Act, which is Chapter F55 of the Continuing Consolidation of the Statutes of Manitoba. The Public Accounts for the fiscal year ended March 31, 1990 consists of three volumes:

VOLUME 1 contains the Financial Statements of the Consolidated Fund of the Province and schedules of supporting information.

VOLUME 2 is a supplementary volume which contains further details of the expenditures by standard expenditure object codes. It also provides details of the salaries and wages paid to employees as well as payments to corporations, firms, individuals, other Governments and Government Agencies.

VOLUME 3 contains the Summary Financial Statements of the Province. The intent of these statements is that they will reflect the consolidation of the financial operations of all organizations integral to the overall operations of Government in performing its executive function. At this time however, only the operations of certain trust accounts and crown entities, as referenced in the Introduction to Volume 3, are consolidated with those of the Operating Fund.

While the resulting consolidations represents the Reporting Entity in all material respects, there remains several operations with a lesser dollar impact which have yet to be consolidated. The Department of Finance is working to include the financial operations of these organizations in future Summary Financial Statements.
